

CSIR-IIIM SRINAGAR

THREE DAY WORKSHOP

ON

Molecular Biology Techniques

AT

Plant Molecular Biology & Biotechnology Division

LIMITED SEATS

Last Date of registration: 10th Oct 2021 (5:00 PM)

CSIR- SKILL DEVELOPMENT INITIATIVE

Patron:
Dr D.Srinivasa Reddy
Director CSIR-IIIM

Workshop
Schedule

12th TO 14th

OCTOBER

Highlights:

- Polymerase Chain Reaction (PCR).
- Real Time PCR(RT-PCR)
- Gel-Electrophoresis
- DNA Extraction
- Molecular Cloning.

Applications are invited for a Three Day Workshop under CSIR-Skill Development Initiatives on “*Molecular Biology Techniques*”. The workshop aims to provide an opportunity for Faculty, PhD & PG students of Biotechnology & other allied subjects to have hands-on-training on basic Molecular Biology Techniques, interact with experts from the subject area & Sessions will include lectures by scientists, live demonstrations and hands-on experience in molecular biology. Certificates will also be provided to participants on successful completion of the workshop. We have limited seats available and hence only 15 candidates will be accepted. Interested candidates can fill the online application form for registration.

Registration Fee:
Rs. 2000+GST (18%)

ELIGIBILITY: Faculty, PhD & Masters Students of Biotechnology & allied Subjects

CSIR-Indian Institute of Integrative Medicine
Sanat Nagar, Srinagar – 190005.
